

MEET JIMMY CALLAWAY

2018 Candidate – Kent County Levy Court At Large

Jimmy Callaway is currently the owner of a small construction company. The name of that company, Anything's Possible Construction, shows how he views life. He is a strong advocate of small government and a believer that, with the right attitude and God's help, anything truly is possible.

He believes that the future of Kent County depends upon the right decisions being made today. Controlled spending, proper upgrades and understanding growth are some of the issues Jimmy is concerned with. He believes that, managed correctly, Kent County is poised for future strong, economic growth.

Jimmy has previously had extensive experience in research and development, personnel management and budgeting with such prestigious companies as Conrail, Huntsman Packaging, Greentree Chemical and Holy Cross Church. With all these companies, his positive attitude, willingness to be a team player and ability to think outside of the box served him well.

Jimmy graduated from Lake Forest High School and attended The Ohio State University where he majored in engineering.

Having been raised in a large family, Jimmy understands the importance of community. He is a husband, a son, a brother, a father, a grandfather and a neighbor. And for these reasons, he takes the future of Kent County very seriously.

Jimmy is a past president of both the Second Street Players in Milford and the Delaware Coon Hunters Association. Currently, he is a member of the Cedarfield Ruritan and the Society of Plastics Engineers.

Jimmy currently resides at 1211 Sandbox Rd, Harrington, DE 19952. He can be reached by phone at 302-233-2357. Find his website at www.callawaycampaign.com
