

JIMMY CALLAWAY TO RUN FOR LEVY COURT

Republican Candidate for Levy Court at Large

HARRINGTON, July 12, 2018 – Jimmy Callaway, a Harrington resident and member of the Republican Party has announced he is running for Kent County Levy Court at Large.

“I am running in this election because I think the people of Kent County deserve some new blood...someone who is willing to make change. “

Callaway’s message is simple, “If you do nothing, nothing changes.” His initiatives include the following:

- Economic growth in Kent County should be encouraged. We should be helping new business and removing road blocks that hinder the growth of existing business allowing job growth and a path for success for our business owners as well as those they employ. Economic growth in our county should be our top priority.
- Kent County should support public safety efforts by teaming with our fire departments, school districts, law enforcement, hospitals and county EMS units to provide the best and most efficient service possible. This can be achieved through broad band service. Broad band service would allow real time communication among all entities involved in any emergency.
- Our current waste water system and treatment facility is aging and in need of repair and upgrades. This is important because these systems and facilities are the largest revenue generator for the county. Not only do we need to address the needed repairs, we also need to design and install systems and capabilities that will hold up under the stress of our county’s growth and demand.
- Kent County’s farm and agriculture community has always been at the heart of our development concerns. We must find ways to integrate our economic growth with our farming community. Agriculture has supported our county for decades and we must find ways to now support agriculture as we grow.
- Kent County should be transparent. Spending, economic growth, developmental growth and any other issue that affects our Kent County residents should be fully disclosed.

While this is Callaway’s first run for public office, he has been endorsed by the Delaware Republican Party. He is a life-long resident of Kent County and deeply involved in his community.

“I want the people of Kent County to know that one of their own, with management experience and community ties, is willing to go the distance in making sure our future is well planned and secure.”
